I included more details regarding their concerns so hopefully this hits the mark, but per Jeaneanne's direction I did not include EPA's responses/answers to their questions. Please let me know what you think. Thanks, Tom

Tom,

Much, if not all, of the responses we provide in the call notes were provided to the Seminole on the call. So it's not a situation where we took their questions back and are responding to them for the first time. As a result, I think we are deleting too much. Rosemary, please let me know if you see things differently.

Sorry Matt and Rosemary, I am realizing that some comments by the Seminoles were inadvertently deleted, so I will send a revised draft version of the notes shortly.
